ROOLF®

OUTDOOR LIVING

Welcome to our world.
Welcome to Roolf Outdoor Living.

At Roolf Outdoor Living, we believe that outdoor spaces deserve as much personality, comfort, and style as the indoors. As a team, we are passionate about creating pieces that blend elegance with playfulness, bringing colour, texture, and character into every garden, terrace, or poolside setting.

Our signature look?
We call it eye-catching, boho-infused, free-spirited, effortless – with a touch of attitude.
These elements shape everything we design, allowing us to create outdoor atmospheres that feel both relaxed and inspiring.
Our collection of outdoor poufs has redefined what outdoor furniture can be and has earned the appreciation of design lovers across the globe. But our world extends far beyond poufs.

At Roolf Outdoor Living, we celebrate versatility: from outdoor poufs, loveseats and cushions to carpets, teak furniture, outdoor lamps and even pet baskets. Each piece is designed to help you build an oasis of comfort and style that reflects your way of living.

The man behind the story

Having spent three decades refining my craft in the rug business. I am now proud of having taken it a step further. The Roolf Living indoor/ outdoor collection of rugs and furniture adds a typical Boho feel to high end quality. Thoughtfully unconventional design meant to deliver instant happiness. Own it, it's yours.

DOLLY

In collaboration with Studio Segers

The Dotty Collection embodies the playful and colourful spirit of Roolf Outdoor Living. With its soft shapes, vibrant colours, and unique textured fabric, Dolly instantly brings warmth and personality to any outdoor space. Loved for its comfort, durability, and boho-inspired look, it has become a true favourite among design lovers.

Hot Dotty

Introducing the Hot Dotty, a revolutionary heated pouf designed to elevate your outdoor living experience.

Available exclusively in two models:
- Dotty Medium
- Dotty Extra Large

and two sophisticated colors:
- Beige
- Anthracite

This innovative pouf is not only a stylish addition to your outdoor decor but also a practical solution for staying warm in chilly weather.Powered wirelessly by a rechargeable battery, the Hot Dotty offers two heat settings for your comfort.

In setting 2, it provides a generous 7-8 hours of continuous heat, while setting 3 ensures a cozy 2-3 hours of warmth. The battery conveniently charges in just 2-4 hours, ensuring you spend more time enjoying the heat rather than waiting for it.

Protection covers

Designed to keep your outdoor furniture looking flawless year after year, our protective covers offer premium, all-season protection for every model across all Roolf Living collections. Made from high-quality Sundrella technical fabric, each protector is developed specifically for outdoor use and crafted to extend the lifespan of your furniture.

The water-repellent outer layer shields against rain, wind, dirt and UV exposure, while the breathable inner membrane allows air circulation to prevent moisture build-up and protect against mould and fungus. Your furniture stays clean, dry and ready to use , no matter the season.

Whether used for winter storage or during unpredictable transitional weather, these tailor-made protectors ensure that every piece maintains its original look and comfort. Each cover is custom-fitted to the unique shape of the model and finished with discreet Velcro fastenings and a zipped opening at the back for secure and easy handling. A practical grip at the top makes covering even larger furniture effortless.

Smart protection, refined design and durable performance, the perfect companion for all your outdoor furniture.

Carpet Collection

The Roolf-Living Rug Collection brings texture, warmth, and character to outdoor and indoor spaces alike. With its refined designs, rich colours, and distinctive woven structures, each rug instantly adds depth and atmosphere to any setting. Designed to be UV-resistant, durable, and easy to maintain, the collection combines beauty with everyday practicality. Loved for its comfort and timeless appeal, it has become an essential element for design-driven outdoor living.
